

Curriculum Overview

Primary Curriculum Framework for Relationships Education, Relationships and Sex Education and Health Education

This Primary Curriculum Framework covers EYFS, KS1 and KS2 and is based on three core themes within which there will be broad overlap. It is adaptable to the age and ability of the pupils.

The three themes are: **Created and loved by God** (this explores the individual)

The Christian imperative to love self, made in the image and likeness of God, shows an understanding of the importance of valuing and understanding oneself as the basis for personal relationships.

Created to love others (this explores an individual's relationships with others)

God is love. We are created out of love and for love. The command to love is the basis of all Christian morality.

Created to live in community – local, national & global (this explores the individual's relationships with the wider world)

Human beings are relational by nature and live in the wider community. Through our exchange with others, our mutual service and through dialogue, we attempt to proclaim and extend the Kingdom of God for the good of individuals and the good of society.

Each theme covers the core strands of 'Education in Virtue' and 'Religious Understanding' as well as strands which cover the PSHE content of the theme.

****From September 2020, the Health Education (HE) and Relationships Education (RE) aspects of PSHE education will be compulsory in all schools – these aspects are reflected within each section.***

It is worth noting that some of the elements of coverage referred to below will already be part of the day to day Catholic life of the school, and reinforced through pupil's involvement within Collective Worship.
