

Clubs - Spring Term

We have an extensive range of clubs available for the children at Sacred Heart. These are run during lunch times and after school. The clubs are run to appeal to the children's interests, add further enrichment to different areas of the curriculum and to help support the children in their learning.

School clubs for this term are detailed below. Once children have joined a club they are expected to attend regularly and should bring a note in if they are at school but unable to attend the club. Some of the clubs have a maximum number, but we will endeavour to ensure that children will be offered one of their choices. Reserve lists will be populated if required.

Please remember to use the pedestrian entrance. Thank you.
