

We aim for children to have a strong foundation of number and each year group have key number facts to become secure in.

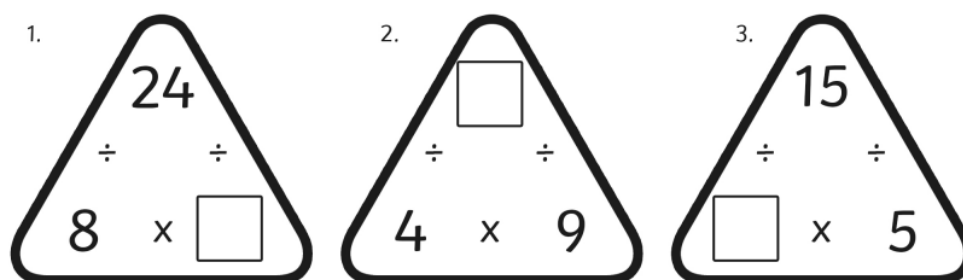

In Year 5 we will focus on and secure our knowledge of all multiplication facts of all times tables up to 12.

You can support your child by:

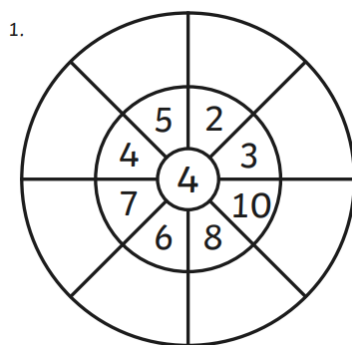

Regularly log on to Times Tables Rock Stars. Can you make your chart green?

Click on the link for ideas of how to practise at home - [How to practise times tables | Oxford Owl - YouTube](#)

Make multiplication triangles at home.

Create your own multiplication wheels.

The more we practise the more we become fluent and remember these facts.

Here are the songs that we sing along to in class to help us with our 6, 7 and 8 times tables. These are all on Youtube by Mr DeMaio
